

CS 398: Design Review Presentation

Team 110: Yichuan, Logan, Yixin, Ivan

Introduction

- Note taking app for university students
- Existing note taking apps not tailored for course content
- There are similar products
 - Feature set replicating a by-hand experience

Project Plan

- Scope
- Users
- Constraints
- Deadlines
- Risks

Requirements

- Target users
- Key concerns
- Basic requirements
- Extra features
 - Annotation & highlighting
 - Scheduling
 - Insertion
 - Export
 - Autosaving

Architecture & Design

- Kotlin desktop application
- Libraries
 - Text editor
 - UI
 - Calendar integration
- Diagrams & UI mockups
- Design patterns
 - Singleton
 - Visitor / Command
 - Observer
 - Decorator

Thanks for Listening
